MT1350CB CONCRETE BUGGY

The MT1350CB delivers big performance in a compact design. With a 2,850 lb capacity and a straight-dump polyethylene tub, it's built for tough loads and fast turnaround. Powered by a Honda GX690 engine, this unit offers reliable, no-fuss operation—ideal for construction, landscaping, and heavy-duty cleanup.

Engine	Honda GX690 22 HP	Operational Style	Stand on
Weight Capacity	2850 Lbs.	Dump Style	Hydraulic
Transmission	Fully hydraulic	Side Dump	No
Speed	0-8 KM/H	Rotate	No
